***1)EU countries**

EU countries or EU member states are the countries that are members of the European Union.

The EU countries are (April 2015):

- Austria
- Belgium
- Bulgaria
- Croatia
- Cyprus (the Greek part)
- The Czech Republic
- Denmark
- Estonia
- Finland
- France
- Germany
- Greece
- Hungary
- Ireland
- Italy
- Latvia
- Lithuania
- Luxembourg
- Malta
- The Netherlands
- Poland
- Portugal
- Romania
- Slovenia
- Slovakia

- Spain
- Sweden
- United Kingdom

All other countries are considered by Customs to be a non-EU country.

The areas listed below are also considered by Customs to be a non-EU country.

Exceptional areas within the EU countries

Certain areas which are part of the EU customs territory, exceptional areas, are subject to special rules.

These areas are:

- Aland Islands (Finland)
- Canary Islands (Spain)
- Channel Islands (United Kingdom)
- French overseas departments and territories, including Guadeloupe, French Guiana, Martinique, Mayotte and Reunion
- Mount Athos (Greece)

These areas are subject to special rules concerning excise duty and value added tax (VAT). Are goods entering the EU from one of these countries or territories? Then the goods are subject to the same tax rules that would apply if they came from a non-EU country.

****2) Non-EU countries**

Non-EU countries are all countries that are **not** a member of the European Union.
